

# ARTIFICIAL INTELLIGENCE (AI) FOR COMPANY DIRECTORS, EXECUTIVES AND MANAGEMENT

08 - 09 June 2023 / Mustard Seed Conference Room, 27 Ridgeway South, Highlands, Harare

There is a race for businesses globally to implement Artificial Intelligence and get things running faster, smoother and more efficiently. In ensuring that the AI projects are successful most directors of businesses need to understand the impact and implications of AI in the business. This training course is aimed to help cut through all the AI jargon and to help ensure that everyone in the organisation can be aligned with the tasks at hand.
